

Compact. Efficient. Built for Demanding Lines.

The NCP-25 delivers precision case packing in a compact footprint, ideal for food, beverage, cosmetics, pharma, and industrial goods producers seeking a low-dust solution for flexible packaging.

- ✓ Clean, vacuum-free operation - Pin & Dome technology eliminates the need for vacuum and minimizes dust, ideal for cleanroom and hygiene-sensitive environments
- ✓ Flexible case packing - Handles a wide range of case types, formats, and product configurations
- ✓ Compact footprint - Less than 108 sq ft - perfect for space-constrained production lines
- ✓ Quick changeovers - Tool-free, intuitive size changes with clearly labeled parts
- ✓ Full-line adaptability - Seamless integration into automated, semi-automatic, or manual production workflows

Details

Smallest Industry Footprint

Erecting, loading, and sealing – all on an impressively small footprint of 78.74” x 196.85”.

Cleanest In Its Class

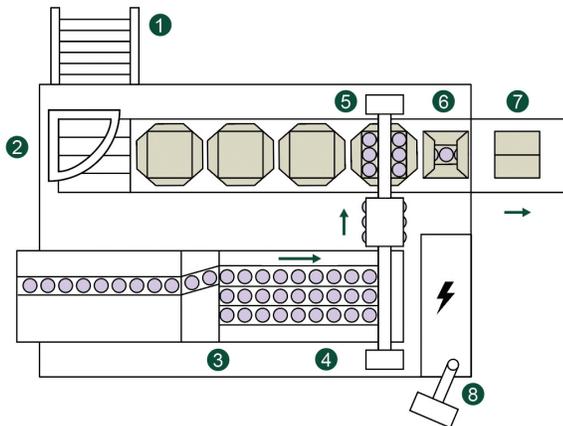

Proven “Pin & Dome” technology allows for clean, abrasion-free case erecting – no vacuum needed.

Maximum Freedom

Servo diverter supports the use of multiple infeed lanes - giving you maximum freedom when choosing your customized product packing pattern.
