

Modular. Efficient. Built for Versatility.

The NTF-60 brings smart automation to tray forming with a modular design that's easy to integrate and easy to use. Ideal for food, beverage, pharmaceutical, and household packaging, it forms complex tray shapes with speed and precision, ready for seamless downstream filling.

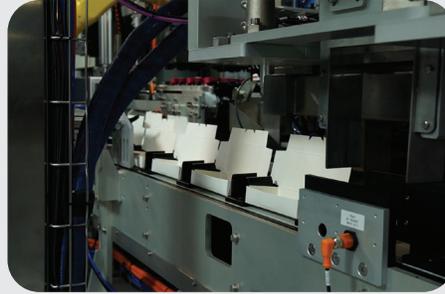

- ✓ Flexible tray forming
- ✓ Handles a wide variety of tray shapes and sizes, even complex formats
- ✓ Efficient throughput
- ✓ Forms and glues up to 60 trays per minute
- ✓ Modular, compact design
- ✓ Easy to integrate into any secondary packaging line
- ✓ Standardized operation
- ✓ Simple controls and recipe management make changeovers quick and intuitive

Details

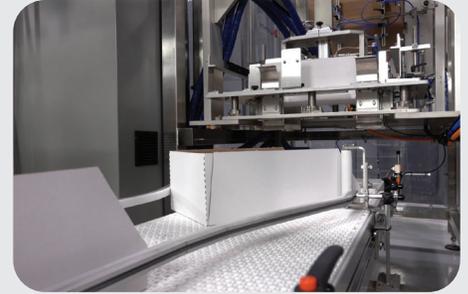

Quick and Efficient

Capable of forming up to 60 trays per minute within a compact 1.5m x 2m footprint

Standardized Design

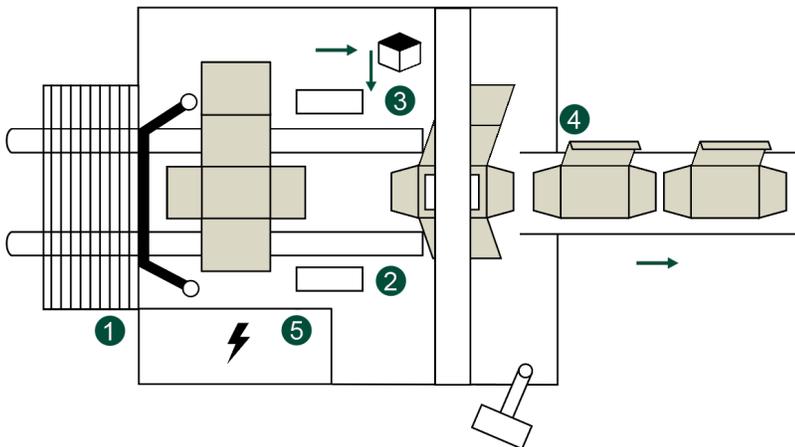

Standardized modular design allows for easy integration into various installation layouts.

Flexible and Versatile

Simple changeover assisted via on-screen selection for minimal downtime while forming a wide variety of trays.
